This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-13, 18-21 and 43, drawn to a wet-type compacting method.

Group II, claim(s) 14-16, 41-42, drawn to a mixture.

Group III, claim(s) 17, drawn to a compact.

Group IV, claim(s) 33-38, drawn to a protective member.

Group V, claim(s) 32, drawn to a hydrostatic fluid bearing device.

Group VI, claim(s) 22-31, drawn to a mobile device.

Group VII, claim(s) 39 and 44, drawn to a device equipped with a protective member.

2. The inventions listed as Groups I - VII do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Groups I and II are anticipated by U.S. Patent No. 5, 530,081. Groups III - VII have special technical features respectively, Group III is drawn to a compact which is the special technical feature not present in any of the other groups, Group IV is drawn to a protective member which is the special technical feature not present in any of the other groups, Group V is drawn to a hydrostatic fluid bearing device which is the special technical feature not present in any of the other groups, Group VI is drawn to a mobile device which is the special technical feature not present in any of the other groups, Group VII is drawn to a device equipped with protective member which is the special technical feature not present in any of the other groups.

3. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
